No any comment received on the public consultation therefore Mr.Nand Kishor Yadav - Chairman, Mr.Mehmood

1.2.5. Site selection

Square root of total no of farmers/2*1,2. √5146/2*1,2= 43 farmers + one Ics office.

1.2.6 Methodology of the audit time calculation

Total number of members of the Multi-site or Group:	5146
Risk elements identified by the audit team for sampling methodology:	Farmers are small and marginal land holders. Farmers are located in same geographical proximity and following similar production practices. They are selected randomly from different villages.
Sample calculation:	square root of total no of farmers/2*1,2. √5146/2*1,2= 43 farmers + one Ics office.

2.1.5. Methodology of the audit time calculation

<Remove the option below which is not applicable>

<Option 1: Individual Certification >

Identified environmental and social risks:	0
Estimated time to evaluate the site:	0
Brief justification:	0

Total number of members of the Multi-site or Group:	5146 farmers
Risk elements identified by the audit team for sampling methodology:	Risk identification is done on the basis of available information locally, maps of the area, information from ICS & based on the result of ICS risk assessements. All farmers are located in same geographical proximity & following similar production practices. As risk is identified as medium hence as per sampling methodology 35 farmers, but we audited 49 farmers during this audit.
Sample calculation:	1+(√y/2) x 1.2 x 0.8 + one Ics office = 35 farmers to be inspected.

Category	**Number of members**	**Attributed risk**	**Shared characteristics of the set**
Group 1	5000	Medium	Farmers are located in the same geographical area & following similar agricultural operations, however the risk is medium.
Estimated time to evaluate the sites:			4 days with 3 auditor = 12 days

Brief justification:	Square root of number of farmers audited for Set 1 Following points are undertaken while deciding random sampling & estimate time All farmers are small holders & documentation is centrally managed. Farmers are located in same geographical proximity & following similar agricultural practices Farmers & fields are located nearby. Farmers are aware of the sustainable farming requirements. No land conversion or deforestaration is happened. Considering above observation, auditor can audit approximately 6 farmers per day. No risk of GMO crop is there. Less use of fertilizers and chemicals. Less risk of labour issues as child labour.

3.2. RTRS Principles and Criteria

Principle	Criteria	Applicant performance
1 - Legal Compliance and Good Business Practice	1.1	Applicable laws related documents are maintained by ICS. Farmers are aware about the applicable legal requirements & laws. Farmers confirmed awareness to minimum wages, child labor, no discrimination, no harassment requirements. Applicable taxes, Electricity bills and revenue tax are paid by farmers.
	1.2	Right to use the land is demonstrated. Land records like Khasra No, Bhoo Adhikar Patra , 7/12 and 8 A are available with the farmers.
	1.3	Review on the agricultural, environmental & social review has been conducted & indicators are identified, Review has been conducted & documented in Agricultural, Environmental & Social review improvement document.
	2.1	Only temporary workers are employed, children below 18 years age are not entertained for work usually they go to school. Forced labour was not observed.

2 - Responsible Labor Conditions	2.2	Only temporary labours are employed, only verbal agreements are followed.Training on Health and safety is conducted. Wages are mutually agreed,it also depended upon how much avg. wages paid by other farmers in near by or in same villages.
	2.3	Workers are aware about the safety requirements & health issues associated with unsafe agrochemical applications however workers are not employed if they do not agree to use protective equipments. PPE available with all farmers, Hand Gloves, Mask, boots and special clothes provided by farmers to labours.
	2.4	No any restriction on workers, farmers allow to workers interact with other. There is no union is available.
	2.5	No deduction observed in the wages paid. Workers also confirmed that wages are not deducted for disciplinary purpose. Only temporary workers are employed during the peak season. Farmers & workers confirmed during the interviews that no overtime is carried out
3 - Responsible Community Relations	3.1	All farmers are small holders. Communication for farm activites & operaration is made verbally. ICS has provided trainings to villages along with member farmers & workers on RTRS.
	3.2	No case of disputed land use right observed. Farming is carried out on own agricultural land.
	3.3	Complaint registers are maintained at cluster/block level. Complaint & grievances are dealt in 14 days. Details are recorded in complaint & grievance registers. Complaint related to unavailability of timely labors were noted.
	3.4	Workers are employed from same or nearby villages. Trainings are provided to the farmers & villagers on the sustainable agriculture to raise their awareness.
4 - Environmental Responsibility	4.1	Review on the agricultural, environmental & social assessment has been conducted by ICS.
	4.2	No burning done in this region, Crop residue is incorporated in the soil to improve soil organic matter or used as animal feed. Agricultural waste is decomposed & used as FYM. Non agricultural waste is disposed in safe manner.
	4.3	On the soil bunds native vegetation is maintained which also checks the soil erosion and by the maintenance of perennial trees on the field and in the conservation areas of the villages.

	4.4	No expansion on non agricultural area has been done. Farmers use their agricultural land to produce soybean. No agricultural operations are carried out in riparian zone.
	4.5	Hunting is not carried out by the farmers & workers. Local plants species are enhanced to promote vegetation. Awareness to this legal requirement is demonstrated in the interviews with farmers & workers.
5 - Good Agricultural Practice	5.1	ICS has trained farmers on good agricultural practices. Soil bunds are maintained, shallow tillage practices are followed to reduce soil erosion. Agrochemical application is done to intended area. Soil bunds are maintained to reduce water erosion. No agrochemicals are sprayed in the water course. No irrigation is used in the soybean however ICS has prepared best irrigation practices for other crops. Farmers are aware of best irrigation practices.
	5.2	No vegetation is removed from the riparian area. Farmers confirmed that natural vegetation is not removed from riparian zone.
	5.3	Soil bunds are maintained around the farms. Shallow tillage pratices are followed. Soil organic matter is also monitored. Crop rotation plan is in place. Wheat, Gram and other pulses crop cultivated in rabbi season.
	5.4	Manufacturers recommendations are followed by the farmers. Only registered agrochemical use by the farmers.
	5.5	Transport separately and purchased by trained person, All the farmers are small holders hence agrochemicals are brought whenever required. Agrochemicals are stored away from children's reach. Red flags are placed to indicate recently sprayed areas. Neighbours are informed verbally on spraying activities.
	5.6	Use of cultural practices like crop rotation, Biological practices use of homemade botanicals, neem & cow urine spray, removal of insects & infested parts, hand weeding & chemical controls on need based, judicious & registered chemicals are followed by the farmers to reduce use of chemicals.
	5.7	NA as no use of biological control agent.
	5.8	Agricultural department is responsible to identify & monitor invasive species & outbreaks of existing pests. Farmers follow recommendations issued by agricultural department in case of major outbreaks.

	5.9	No aerial application is carried out however agrochemicals are sprayed only to the intended area. No agrochemicals are sprayed near to the sensitive area.
	5.10	Farmers following similar agricultural practices. No GM soybean is available in India.
	5.11	Origin of seeds is recorded in the farm diaries. Purchase receipts are maintained. Certified seeds or seeds of previous year production are used.
Annex I: Chain of Custody System Requirements for Producers	1.1	Only ICS is authorized to sell & claim certified soybean. Group members are not authorized to sell soybean as RTRS certified. ICS manager is responsible to make RTRS claims
	2.1	No RTRS soybean traded physically however buying procedure has been laid down which includes RTRS requirements for invoicing. ICS manager found to be aware of the RTRS requirements of invoicing certified soybean sale.
	2.2	Harvest quantities are recorded by the ICS in farmer list under actual harvested quantities. No sell of certified soybean is done yet. Physical trading record template is available to record sales quantities.
	2.3	Templates of physical supply & credit trading are maintained. Purchase documents of inputs are maintained. Production quantities are recorded in the farm diaries & farmers list. Training related to RTRS requirements are provided & recorded. No sale has been done
	2.4	No sale of certified soybean is done as the group is yet to be certified.

4.2. RTRS Principles and Criteria

Principle	Criteria	Applicant performance

1 - Legal Compliance and Good Business Practice	1.1	Farmers were aware to applicable laws and regulations. No deviation observed.
	1.2	Land record is available with the farmer and most of the farmer depends upon rain for irrigation purpose. Growers aware about the legal laws, and ICS office gives training about legal laws.
	1.3	Social and Environmental impact assessment is conducted by third party . A report is available in ICS office and reviewed and appropriate action is planned. Continuous improvement plan is available and done.
2 - Responsible Labor Conditions	2.1	No force, bonded, Child labour or discrimination was observed. Only temporary workers are working and the farmers paid to workers more than the minimum wages.
	2.2	As per farmers and workers interview, workers were hired on temporary basis and has any permanent workers on the farms. Most of the workers are illiterate. No any restriction on workers, no deduction done by farmers. ICS arrange the training to farmer and workers on fundamental rights at work, health and safety.
	2.3	Farmers provided training to workers on hazardous work, and only trained personnel is able and to done the same. Per the interview with farmers and during physical visit found that first aid kit are available to all farmers.
	2.4	Any restriction on workers. The farmers allow to workers interact with other (e.g. NGOs, trade unions, labour inspectors, agricultural extension workers, certification bodies). However, no registered union is available in this area.
	2.5	Only temporary workers are working in the farms, and the farmers pay more than the minimum wages per 8 hours of work, and the maximum hours worked are respected by employers and recorded. Potable water is provided to all workers on field.
