1.2.4. Stakeholder Consultation Process

It was performed Interviews with 2 village representatives about the company Noble Ecotec. During the interviews, only positive comments were received and it was pointed out that the certification project is beneficial to increasing the income and minimizing the cost of production for farmers.

1.2.5. Site selection

Risk identification is done on the basis of available information locally, maps of the area, information from ICS & based on the result of ICS risk assessments. All farmers are located in same geographical proximity & following similar production practices. As risk is identified as low hence as per sampling methodology 35 farmers.

1.2.6 Methodology of the audit time calculation

Total number of members of the Multi-site or Group:	4952
Risk elements identified by the audit team for sampling methodology:	Risk identification is done on the basis of available information locally, maps of the area, information from ICS & based on the result of ICS risk assessments. All farmers are located in same geographical proximity & following similar production practices. As risk is identified in Calculator as low hence as per sampling is 35 but we audited 42 farmers due the proximity.
Sample calculation:	$\sqrt{4952/2}=35$ farms+ 1 management

1.3.1. RTRS Principles and Criteria

Principle	Criteria	Applicant performance
1 - Legal Compliance and Good Business Practice	1.1	As per the interview with farmers, They are well aware about all applicable laws related to farming, child labour act, No- discrimination act, Wild life protection act etc.
	1.2	Farming is done in legally owned land, Land ownership documents are available with farmers, Same can be verified Madhya Pradesh Government website- mpbhulekh.gov.in. ICS have copy of land document available at office
	1.3	Social, Agriculture & Environmental Impact assessment for Soyabean cultivation in Madhya Pradesh state is conducted by third party organisation . Training is given to farmers on improvement areas and farmers are found aware about the requirements.
	2.1	Only temporary workers are employed & all workers are treated equally, children below 18 years age are not employed. .Workers are employed from local villages on a mutual verbal agreement, no salary, identity papers or property is retained with employer.

2 - Responsible Labour Conditions	2.2	<p>Only temporary workers are employed, No workers union are present in the village, ICS has arranged farmer trainings on different topics at village level (training records dated 09/07/2021 for Sadikeda village & Sumarakhedhi).</p> <p>Written agreements are not available because the literacy level is poor. Temporary workers are employed during agricultural operations as per need. Wages are mutually agreed in between farmers & workers. As per the interview with farmers its understood that wages are given as per the mutual agreement and the work to be carried out need to be said prior to engagement.</p>
	2.3	<p>Farmers and workers are aware about the health & safety risk and its corrective measures, Only experienced persons are involved in high risk jobs. Health and safety trainings need to be given.</p>
	2.4	<p>No registered union is available at the farm level however workers are free to join or form union. The payment and other things are mutually agreed.</p>
	2.5	<p>Legal minimum wages are provided (All workers are getting 250 INR for 6-7 hours work. Minimum wages for agriculture sector in Madhya Pradesh is 250 day). Provision is available in farm dairy to note the working hours of workers.</p>
	3.1	<p>All farmers are small holders. Communication for farm activities & operation is made verbally. ICS has provided trainings to villages along with member farmers & workers on RTRS.</p>
	3.2	<p>Verification of land records like Form B-1, Khasara no. Evidenced by Interview with farmers. No disputed case found.</p>

3 - Responsible Community Relations	3.3	Complaint procedure is defined in ICS Manual, A complaint register is maintained at ICS office and there was no complaints received so far. However farmers are aware about ICS complaint mechanism. Evidences: NB/RTRS/VR1.0 under page number 12-13. Complaint register and Interview with ICS staff & farmers.
	3.4	ICS has imparted trainings to the farmers, workers & villagers on sustainable agriculture. As per the interview its understood that the trainings are carried out in villages and any one from the village can attend the session. Evidences: Verification of village level training records(MU/RTRS/AMB/TR-01 at Ambachandan) interviews with farmers, workers & villagers
4 - Environmental Responsibility	4.1	Social, Agriculture & Environmental Impact assessment for Soyabean cultivation in Madhya Pradesh state is conducted by third party organisation on behalf of ICS.
	4.2	Agricultural waste is decomposed & used as Farm Yard Manure. Soya waste is used as animal feed and some farmers sell the same to prepare Boiler feed. No burning is observed in field visits.
	4.3	Farmers confirmed that fuel use is not increased. Only limited quantity as per requirement is used, the tractor or the equipment is serviced for better efficiency. But recording of the fossils fuel in farm dairy is not available.
	4.4	No expansion on non agricultural area has been done. Farmers use their agricultural land to produce soybean. No agricultural operations are carried out in riparian zone. The cultivation is carried out by more than 30-40 years. Evidenced by verification of land records such as form B1, Khasara number.

	4.5	<p>Farm maps with illustration of native vegetation were found KML Map developed through Google Earth</p> <p>Hunting of wild animals/rare, threatened or endangered species is not done. Hunting of these animals legally banned. Awareness to this legal requirement is demonstrated in the interviews with farmers & workers.</p>
5 - Good Agricultural Practice	5.1	<p>Plan is available to monitor the risk identified with respect to Good Agricultural Practice. Mostly farmers are depends on rainfed and furrow irrigation is done when required. There is no water scarcity in the project area. ICS has trained farmers on good agricultural practices. Soil bunds are maintained, shallow tillage practices are followed to reduce soil erosion. Agrochemical application is done to intended area.</p>
	5.2	<p>Smallholders farmers with average land holding less than 4 ha, Native vegetation like local plant species are maintained by the farmers.</p>
	5.3	<p>Soil testing done by ICS. The topography of the area is flat, bunds are maintained around the farms, there is no chances of soil erosion in those areas.</p>
	5.4	<p>Farmers are aware about ICM & IPM techniques, Farmers use on farm prepared organic pesticides and Chemical PPFs are used in minimum quantities.</p>
	5.5	<p>All farmers are provided with farm diaries with provision to records fertilizer and pesticide application details. Manufacturers and ICS recommendations are followed by the farmers. The farmers use only registered agrochemicals which are available in the market.</p>

	5.6	Only legally approved chemicals are used by farmers. No use of paraquat as explained by farmers during field visits. Use of cultural practices like crop rotation, Biological practices use of homemade botanicals, neem & cow urine spray, removal of insects & infested parts, hand weeding & chemical controls on need based, judicious & registered chemicals are followed by the farmers to reduce use of chemicals.
	5.7	Biological control agents are used and records are maintained.
	5.8	Agricultural department is responsible to identify & monitor invasive species & outbreaks of existing's pests. Farmers follow recommendations issued by agricultural department in case of major outbreaks.
	5.9	Smallholder farmers ,only limited quantity of pesticides are applied. No aerial application.
	5.10	Farmers following similar agricultural practices, all farmer are smallholders with conventional soybean production. Genetic Modified soybean is not available in India
	5.11	Farmers use seeds from previous year harvest and also purchased from local market. Seed purchase bills were available with farmers.
